SOURCE PROGRAM FILE
test.c

The diagram shows a rectangular box containing a C program. The code is as follows:

```

func1 () {
    int i;
    i=100;
    printf ("%d\n", i);
}
func2 () {
    int j;
    j=50;
    printf ("%d\n", j);
}

```

A label **101** with a curved arrow points to the first line of the code, **func1 () {**.
